FOR SHERIFF  
DAVID SMITH.

All of the missing balloons have been found in the German contest. Three or four fell into the ocean, but the occupants were rescued.

The New York World's poll of the State of New York gives it to Taft by only 15,000 and to Chanler for Governor by 193,000. Wait until Bryan gets through with his canvass in New York and that 15,000 will be swept away like mist before the rising sun.

Walter Wellman is still writing up Ohio for the Chicago Record-Herald and insists that it is a very doubtful State. He says 6,000 or 8,000 of the 40,000 negro voters in the State will vote for Bryan on account of the Brownsville episode.

### What Becomes of The Grasshoppers

During the months of August and September our common grasshoppers decrease very rapidly in numbers. Before dying they succeed in depositing, in little holes, which they are able to dig into the earth, eggs, which hatch to continue their kind another spring. The situations most chosen for egg laying are the borders of infested fields, ditch banks, and roadsides.

If the grasshoppers have been abundant the past summer, the farmer should endeavor to determine where the grasshoppers are depositing their eggs this fall. If they have been present in large numbers, it is almost certain that it will pay the farmer well to take some means to destroy the eggs before they hatch in the spring.

If infested ground can be plowed very late in the fall, or at any time during the winter or early spring, and well harrowed, this will probably be the most effectual means that can be used for the destruction of the eggs or the young grasshoppers that hatch from them, as very few of the latter will be able to find their way to the surface of the ground.

In fields of alfalfa or clover, or even upon ditch banks and along roadsides, where plowing cannot be done, the eggs may be very largely destroyed by thorough harrowing of the surface of the ground. The best tool to use for this purpose is the disk. In case of an infested alfalfa field, the benefit resulting from a thorough harrowing of the ground during winter or early spring will far more than pay for the expense of doing the work, besides destroying the grasshopper eggs. If these methods of destroying the eggs were closely attended to year by year, they would prove of more service than all else that can be done to keep grasshoppers in check.

C. P. GILLETTE,  
Colorado Agricultural College, Fort Collins.

### How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.  
We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

WALDING, KINKAN & MARVIN,  
Wholesale Druggists, Toledo, O.  
Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.

### SEND IN YOUR FUNDS.

The Kentuckian has been designated as one of the depositories of contributions to the National Democratic Campaign Fund and subscriptions will be received and forwarded to Governor Haskell, the treasurer of the National Democratic Committee. A list of all subscribers and subscriptions will be kept and publication made. In the event that contributors desire their names to be omitted they will kindly say so and their wishes will be respected. All contributions, irrespective of amount, will be welcomed, and letters containing subscriptions should be addressed to "The National Democratic Campaign Fund, care of Kentuckian, Hopkinsville, Ky."

## Proposed Site of Christian County's New Fair Grounds.

The above is a plat of prospective Christian county fair grounds, situated immediately south and within one-half mile of city limits between Cox Mill and Palmyra pikes. Options been secured until first of January on entrances and the 25 acre grove at \$100 per acre to buy outright. Also have option to lease the 30 acre paddock as long as the association is in existence, for three dollars per acre annually. Any one can see the grounds are admirably located and the prices reasonable.

The solicitors report about one half of the capital stock, which is placed at twenty thousand dollars, already subscribed. Let's all pull together and have a real old fashion fair and annual reunion.

### COAL MINE IN RIVER.

#### Free Fuel for the People of Hickman.

Hickman, Ky., Oct. 16.—Protruding above the water on account of the present low stage of the river opposite Hickman, may be seen the derelict barges which were wrecked during a terrific storm in January, 1895. This is the first time since the ill-fated barges sank that they have been visible, and, being loaded with Pittsburg coal, tons of the fuel are now being recovered.

The disaster occurred one stormy night in January, 1895. The steamers Tom Riss and the Mariner were en route from Pittsburg to points on the lower Mississippi with two barges of coal in tow. On account of an approaching storm, both boats put to land opposite Hickman and tied up. The storm increased in fury until about 11 o'clock when the waves began running over the decks of the steamers and breaking over into the barges. When morning dawned the entire fleet of both boats had gone down. With the barges about 14,000 tons of Pittsburg coal was lost, valued at about \$60,000. Dredging boats recovered about one-fourth of the cargo.

#### To the Farmers.

I am prepared to furnish you Ground Lime Stone—both the meal and flour—at the mill or f. o. b. cars Julien, Ky. G. H. STOWE,  
Hopkinsville, Ky., R. F. D. 4.  
Phone 287-2.

#### X-Rays to Find Pearls.

(Chicago Journal.)

John P. Solomon has developed a plant for radiographing oysters to ascertain not only the existence but the stage of development of pearls without killing the bivalves or opening their shells. As many as 500 oysters have been submitted to examination in one minute, hundreds of shells spread on a tray being exposed at one time. Oysters showing no pearls are returned to their beds; those showing partially developed pearls are sent into "hospital" to be nursed while those whose pearls are full grown suffer the fate that attend all things which possess something

### SHOT AT CASKY

#### Gene Loftus Gets Bullet Trying to Collect a Bill.

Gene Loftus, a butcher at Casky, was shot yesterday morning about daylight, by Joe Meadows, a tenant on the farm of Walter Layne, who was leaving the country to move to Arkansas. Meadows owed Loftus a bill of \$2.40 and the latter went to the Layne place to collect his bill and the trouble arose over this circumstance. Meadows disappeared and probably left on an early train. His family had already gone. Loftus was shot in the left shoulder with a pistol ball. Dr. W. S. Sandbach was called in and attended to the wound, which is not dangerous.

#### The "Simple" Life.

A man who tried to pay his old debts was promptly charged with insanity. It seems a pity that in some localities common honesty is looked upon as a mental aberration.—Cleveland Plain Dealer.

#### A Soporific.

Miss Gusher (who has just been introduced to the great author)—Oh, Mr. Lyon, I am so enchanted with your dear, delightful novels. I fall asleep with one in my hand, every night.—Sunday Magazine.
